

## **Quarterly Report of Appeals, Complaints and Advice**

**The BBFC is the regulator of commercial and internet content delivered via the mobile networks of EE, O2, Three and Vodafone.**

**In the interest of transparency, the BBFC publishes all of its adjudications in relation to cases reported to it of purported underblocking or overblocking, along with requests for advice on whether particular content should go behind parental controls or adult filters.**

**We keep this list updated as and when new cases are reported to us and publish updates every three months.**

**In all cases, the BBFC conveys its adjudication to (i) the complainant, appellant or person or body seeking advice; (ii) Mobile UK; and (iii) the relevant mobile network operator(s).**

**The adjudication that a website contains no material that we would classify 18 does not necessarily mean that we believe it is suitable for younger children.**

**In the following cases, the adjudications represent an assessment of the content according to the dates listed below. Any subsequent changes to content have therefore not been viewed by the BBFC, although we reserve the right to change our adjudication should altered content be brought to our attention subsequently.**
